

TYRES AND BIKE SET UP

We are pleased to advise that SBK City Servicing Ltd will be attending our track weekend to offer tyre support and suspension service at this event.

What is available?

Hire Ralph to work with you all day to find the set-up with your machine that works for you. Your machine will be measured up at the beginning of the day as it is so that a check of condition and adjustability can be made, and then a base set-up is used. (This differs from machine to machine, even of the same model due to manufacturing tolerances and overall condition.) After each session, they will be able to work through what you experienced and make further adjustments as necessary.

DON'T WORRY ABOUT FEEDBACK!!!

If you think you can't or won't be able to give feedback, don't worry! One of the most important parts of being a suspension technician is being able to ask the right questions. All you have to do is answer them as best you can, normally a simple yes or no and it's surprising what you can tell!

ALL THIS FOR JUST £45

Tailor a bikes suspension to a riders individual requirements, whether a road rider or track rider, novice or experienced racer. Offer a full set-up service and ongoing advice throughout the day when hired on a one-to-one basis either at a track day or race meeting.

- Supply and fit a full range of Ohlin's shocks, forks, steering dampers and springs.
- Re-valve standard forks with K-Tech internals.
- Supply and fit K-Tech front fork 25mm cartridge upgrades.
- Re-valve and standard forks also serviced.
- Source other manufacturers suspension products to meet individual requests

Tyre Service

There will also have a Tyre machine in place to do tyre changes and will have a limited amount of tyres to sell if someone is interested. Tyre change and balanced at £7.50 each on loose wheels.

However If someone would like to order tyres in advance, or arrange more detailed suspension set up or other adjustments to bike, they advise this is done before the trip! Please forward Ralph the details so that he can bring the right quantity of tyres etc. And please call Ralph direct for prices or to arrange other works.

- Dunlop GP Racer 211 £285
- Soft Front and Medium Rear £245 set
- Pirelli Supercorsa Pro £280
- Soft front medium rear £ 285
- Michelin Power One £275
- A or V Front and B Rear £ 265

Spares Parts

There will also have a few spares like, grips, tyre warmers, Oil, chain Lube and etc. You never know what you may need .If someone would like any special order please contact Ralph ASAP
